

Robot Observation

Timeline

User:

"Sophia, I got cold and the doctor told me not to have any cold drinks."

User:

"I have no appetite today and I didn't rest well either."

User:

"I have a sore throat, is there anything I can do to relieve it?"

User:

(Drinking cold drink without knowing it...)

Sophia:

"You can put on the blue sweater on the hanger to warm up."

Sophia:

"That sounds exhausting. Just try to have something light and easy to digest."

Sophia:

"I'm looking it up online..... Try sipping some warm water and give your throat some rest."

Sophia:

"Sophia: Wait! That looks like a cold drink. You shouldn't have that!"

Coordinated Speech-Face

You can **put** on the blue **sweater** on the **hanger** to **warm up**.

Social Interaction Scenario

◎ Multimodal Social Reasoning

◎ Long-Term Memory

◎ Coordinated Embodied Expression

◎ Reactive and Proactive Interaction

Embodiment-aware Gesture
